OLYMPUS

SKILLED CYBER AND IDENTITY MANAGEMENT STAFF FOR YOUR PROJECTS

YOUR CYBER SECURITY EXPERTS

WE SECURE YOUR ENVIRONMENT FROM BOTH INTERNAL AND EXTERNAL THREATS

Olympus Solutions Inc. is a Security Systems Engineering (SSE) company specializing in the design, development, implementation, and operation and maintenance (O&M) of identity systems for both large enterprise customers with millions of users and smaller organizations and companies. We are a Service-Disabled Veteran Owned Small Business (SDVOSB) and SBA 8(a) Certified business committed to continued service to our nation, our customers, and our most valuable resource – our people.

We provide skilled cyber and identity management resources for your project. Olympus Solutions is focused on providing exceptional services to our clients, securing their environments from internal and external threats, improving return on investment from existing IAM tools, and enabling our clients to meet their tactical and strategic goals.

HOW OLYMPUS SOLUTIONS DELIVERS SKILLED EXPERTISE

PLAN, DESIGN, IMPLEMENT AND SUSTAINMENT SUPPORT

Olympus provides customers with the necessary expertise helping ensure platforms are planned, deployed and have the necessary sustainment support required to guarantee customer success.

IAM/PKI ASSESSMENTS & STRATEGY

Our experienced architects conduct strategic reviews of your current environment and develop road maps maximizing the value of your IAM/PKI platforms.

VETERAN OWNED AND OPERATED

Olympus Solutions proudly operates as a veteran- owned, committed to hiring and supporting those who have served. In fact, we have received the DOL's "Hire Vets" Award for 3 years in a row.

STAFF AUGMENTATION

We offer skilled architects, engineers, and developers to support your IAM/PKI Projects with cost effective solutions tailored to your requirements.
